

THE NEW APPROACH G6

The Approach® G6 is slim and sleek, perfectly sized for play. With a rechargeable lithium-ion battery, it plays an entire weekend on a single charge, and comes preloaded with 27,000+ worldwide courses – no subscriptions required.

- Slim and sleek design for better feel and better play
- Rechargeable battery plays an entire weekend on a single charge
- Preloaded with 27,000+ worldwide courses
- Free course updates, no subscriptions
- Innovative software with layup arcs and larger on-screen numbering
- Scoring capabilities include Stroke Play, Stableford, Match Play, Skins and adjustable handicaps
- Tracks fairways hit, GIR, putts per round, how far you hit each club
- Bright, sunlight readable touchscreen; tough, durable and waterproof

Manual pin placement

The flag can be moved around the green on the Green View screen. Just touch and drag the flag to the correct position for the day.

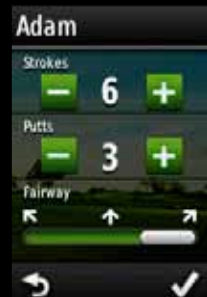

Enhanced maps and layup arcs

Layup arcs offer at-a-glance references to 100, 150, 200 and (when applicable) 250 yards.

Touch Targeting

Touch Targeting shows the distance from you to the target you've touched – and from that target to the pin. Move the target around with your finger for fine adjustments.

Stat Tracking

Keep track of fairways hit, GIR and putts per round. Review these stats on the device, or download and access a printable version on your computer.

Digital Scorecard

Digital scorecard allows you to keep track totals for up to four golfers. Options include Stroke Play, Stableford, Skins, Match Play and handicap adjustments.

Club	Average
Driver	227yd
3 Iron	140yd
4 Iron	135yd
6 Iron	120yd
9 Iron	107yd

Club Averages

Calculate the average distance you hit with every club.
