

Data sheet for O'keeffe's Working Hands

PRODUCT AND COMPANY IDENTIFICATION

Product Name:	O'Keeffe's Working Hands Cream
Description:	Odorless white cream
General Use:	Treatment for dry or cracked skin
Company Name and Address:	O'Keeffe's Company 4550 Red Bank Expressway Cincinnati, OH 45227
Date Issued:	July 29, 2010
Supersedes Issue:	September 11, 2003

FOR CHEMICAL EMERGENCY

During Business Hours: (800) 966-3458

Outside Business Hours: (800) 420-7186

HAZARD IDENTIFICATION

HMIS: 1-Health, 0-Flammability, 0-Reactivity. 0-Personal protection

When used according to instructions, the product is safe and presents no immediate or long term health hazard. Discontinue if irritation occurs. Product contacting the eyes may cause eye irritation. Product has a low order of acute oral and dermal toxicity. This product is not intended to internal use. Accidental ingestion of large amounts of this product may require immediate medical attention.

PHYSICAL AND CHEMICAL PROPERTIES

Boiling Point	>100°C
Vapor Pressure	Not available
Specific Gravity	Not available
Melting Point	NA
Solubility in Water	Not miscible
Appearance & Odor	White cream with no apparent odor
pH (undiluted)	6.8-7.2
Percent Volatiles	30% W/W

FIRST AID MEASURES

INHALATION: Product does not pose a risk of injury by the inhalation route.

EYE CONTACT: Do not allow the victim to rub eyes, or to keep eyes tightly shut. Gently lift the eyelids and flush immediately and continuously with copious amounts of water for at least 15 minutes. Consult with a physician or ophthalmologist.

SKIN CONTACT: Product does not pose a risk of injury by the dermal route. If excessive skin contact occurs, promptly flush the affected area thoroughly with water. If irritation persists after washing, get medical attention.

INGESTION: Never give anything by mouth to someone who is unconscious or convulsive. If the material is ingested, seek immediate medical attention.

FIRE FIGHTING MEASURES AND EXTINGUISHING MEDIA

This material is non-combustible and is not highly reactive under normal handling conditions.

FLASH POINT:	Not combustible
FLAMMABILITY LIMITS:	Not Applicable
EXTINGUISHING MEDIA:	Foam, dry chemical or carbon dioxide should be used in the event of a fire.
SPECIAL FIRE FIGHTING PROCEDURE:	Use water to keep fire exposed containers cool, until fire is out. Water spray may be used to flush spills away from exposure.
UNUSUAL FIRE AND EXPLOSION HAZARDS:	None known.

ACCIDENTAL RELEASE MEASURES

SPILL/LEAK: Use a wet cloth or mop to contain the spill and pick up material for recovery or disposal when feasible. Do not dispose of the material in any sanitary sewer, storm sewer, sink, toilet, or floor drain. **MATERIAL WILL CAUSE SLIPPERY SURFACES.**

HANDLING AND STORAGE

HANDLING: Keep container closed when not in use. Avoid contact of product with eyes.

STORAGE: Keep material stored in the original container at normal room temperature, and avoid prolonged periods of storage at high temperatures.

EXPOSURE CONTROL AND PERSONAL PROTECTION

ENGINEERING CONTROLS: None required.

SKIN PROTECTION: No protective equipment is needed during normal use conditions.
EYE PROTECTION: No protective equipment is needed during normal use conditions.
RESPIRATORY PROTECTION: No respiratory protection is needed during normal use conditions.

STABILITY AND REACTIVITY

The material is stable at room temperature, in closed containers, under recommended handling and storage conditions (see Section 7) and during normal use conditions.

Incompatible/Avoid Contact With:	Strong oxidants
Hazardous Decomposition Product:	Carbon dioxide, carbon monoxide
Conditions to Avoid:	None

TOXICOLOGICAL INFORMATION

EYE: Eye irritation may be experienced if direct contact occurs. Consumers experiencing a stinging or burning sensation in the eyes should seek medical care if the sensation persists.

SKIN: Excessive Skin contact may irritate the skin. Seek medical attention if irritation persists.

INGESTION: Accidental ingestion of large amounts of this product may require immediate medical attention.

INHALATION: Chronic inhalation could cause respiratory irritation

ECOLOGICAL AND ENVIRONMENTAL INFORMATION

This product has no ecological impact or special considerations when used according to directions. It is not considered environmentally harmful during normal use, dilution, and typical drainage into sewers, septic systems and treatment plants.

DISPOSAL CONSIDERATIONS

Do not dispose of the material in any sanitary sewer or storm sewer system, which includes sinks, toilets, and floor drains. Ensure conformity with Federal, State, and local disposal regulations.

TRANSPORTATION INFORMATION

This product as shipped as a cosmetic hand cream is not a hazardous material according to U.S. Department of Transportation (DOT) regulations. Product must be packaged in accordance with normal DOT requirements.

Proper Shipping Name:	Cosmetic Hand Cream
DOT Hazardous Classification:	Not DOT Regulated

DOT Identification Number:	Not available
Additional Labeling:	Non-combustible

REGULATORY INFORMATION

FDA: As a cosmetic product, this product complies with requirements of the Federal Food, Drug and Cosmetic Act and related regulations.

RCRA Hazardous Waste (40 CFR 261): None of the components of this material are listed as a hazardous waste.

CERCLA Hazardous Substance (40 CFR 302.4): None of the ingredients of this material are listed as a hazardous substance nor do they have a reportable quantity (RQ).

STATE REGULATIONS:

California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): No ingredients of this material are a “material known to the State of California to cause cancer, birth defects, or reproductive harm.”

OTHER INFORMATION

Notice: The information herein is based upon data considered to be accurate as of the date of preparation of this material safety data sheet. However, no warranty or representation, expressed or implied, is made as to the accuracy or completeness of these data and safety information. The user assumes all liability for any damage or injury resulting from abnormal use, from any failure to adhere to recommended practices, or from any hazards inherent in the nature of the product.
