

## Model SR-360 Swivel Reel Free Standing

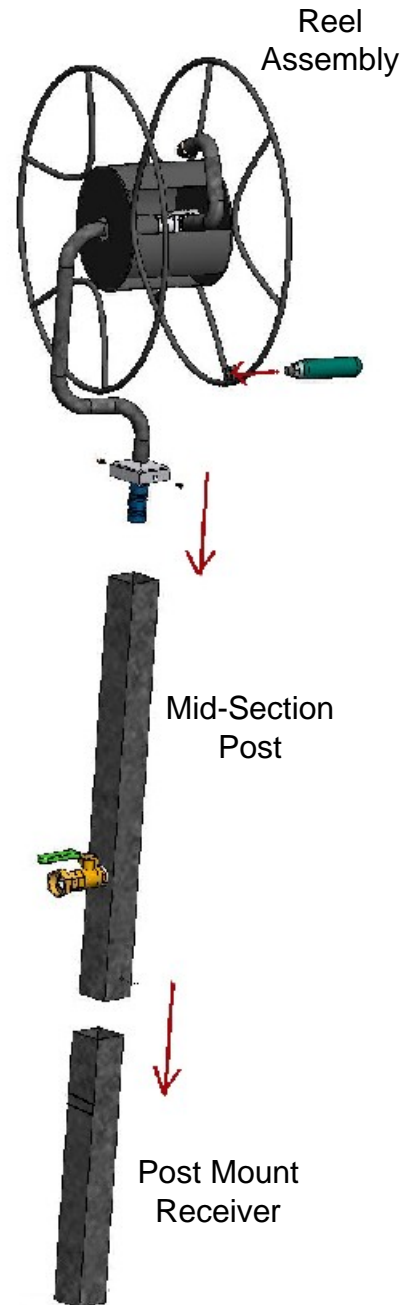

Unpack the carton and check for the following hardware:

### SR-360 Swivel Reel Parts

- One (1) Reel Crank Handle
- One (1) Upper Reel Assembly
- One (1) Mid Section Post
- One (1) Post Cap Retainer
- Two (2) Post Cap Retainer Screws
- One (1) Post Mount Receiver

### Assembly Instructions

- 1) Dig a hole of suitable depth and size for stability. Center the Post Mount Receiver in the hole. Add quick setting concrete. Allow to harden according to instructions.
- 2) Slide the Mid-Section Post over the receiver. Slide the Reel Assembly into the Mid-Section Post. **CATION:** Be careful not to gouge the O-rings when placing on the stand.
- 3) Tighten the 2 Post Cap Retainer Screws securing the Reel Assembly to the Mid Section Post
- 4) Attach the Reel Crank Handle onto the crank shaft located on the Reel Assembly
- 6) Attach water supply to hose bib/ball valve.
